Awards, Accreditation & Accolades

Letter of appreciation by Prime Minister of India Shri Narendra Modi

New Delhi
23 May, 2018

Shri B. K. Goenka Ji,

I am delighted to know of your valuable contribution to the completion of Package I of Delhi-Meerut Expressway, which as you know got completed much before the target date.

We, as a nation, are standing at the cusp of a wave of development that is driven by a young nation with great aspirations. The infrastructure we are building will create new pathways for India's all-inclusive development and open new vistas of opportunity for our people.

It was our former Prime Minister Shri Atal Bihari Vajpayee's vision to connect each and every village and city with all-weather roads. He envisioned India's future built on a firm foundation of enhanced connectivity for people and businesses.

Today, from highways to I-ways, we are ensuring that our nation is ahead of the curve in infrastructural development.

The Delhi-Meerut expressway has showcased India's engineering capabilities that are well integrated with our goal of sustainable development. Also appreciable is the way in which the expressway has been converted into a green belt with initiatives such as drip water irrigation, solar plant and landscape development.

It is a matter of immense joy to see pride in people's eyes when they experience seamless commute through these modern day marvels. The new expressway is one such marvel that will ease the lives of citizens by saving them time and money as well as ensuring that local economy flourishes.

It is my firm belief that the highways built today will become runways for dreams of tomorrow to take flight. I, once again, congratulate everyone associated with this project for achieving a remarkable feat and delivering not just an expressway, but a roadway to progress and prosperity.

I wish you success in all your future endeavours.

Yours Sincerely,

(Narendra Modi)
